

Comparison of DiMap and DiMap Pro

Function \ Software	DiMap	DiMap Pro
Download or import geoid files (.ggf, .grd, .sgf, .gri, etc.)		√
Import grid file (.gsb)		√
Diversified data format import and export	√	√
Localization	√	√
Calibrate point	√	√
Stronger CAD engine and performance		√
Electric lines survey		√
Electric towers stakeout		√
More text encoding formats		√
Stronger CAD engine and performance		√
Diverse language systems	√	√
Custom Display Angle Format		√
Grid to ground		√
Complete code library function		√
Survey range settings		√
Survey interface base map supports multiple network maps		√
Sub file management		√
Inspection accuracy		√
Multiple survey and stakeout modes	√	√
Coordinates converter	√	√
Angle converter		√
Perimeter and area	√	√
Volume calculation	√	√
Geometric calculation	√	√
